Dear Sir:

This will acknowledge your report of reception of our long wave CHNS, operating on a frequency of 960 kc., on March 22nd, 1949. The items reported between the hours of 7.08 and 7.30 a.m. AST., have been checked against the station log and found correct.

For your information CHNS is on the air Monday through Saturday 7.00 a.m. - 12.15 a.m., and Sunday 9.00 a.m. - 12.15 a.m. It has a power of 5000 watts. We also have in operation a shortwave transmitter, CHNX, 6130 kc., relaying the full schedule of CHNS.

We would like to take this opportunity to thank you for your interest and kindness in writing, and will look forward to further reports at any time you care to send them along.

Yours truly,
M. Forrest
M. Forrest,
Secretary.
